SUMMARY

Experienced Full-Stack Developer proficient in Python/Django, React, and Node.js. Skilled in building scalable web applications, optimizing workflows, and delivering solutions with 99.9% uptime. Proven track record of enhancing efficiency and user experience in international projects. Ready to contribute immediately.

PROFESSIONALEXPERIENCE

FERRY OCEANAIR, Dubai

Jun2023–DEC2024

Full-StackWebDeveloper

- Led development and implementation of scalable web applications using Python/Django and React.js/node.js.
- Conducting CI/CD pipeline implementation and optimization for deployment workflows.
- Developed comprehensive import/export management platform, enhancing system efficiency by 35%.
- Built and maintained robust store management system with 99.9% uptime using React.js, Node.js, and PostgreSQL.
- Working with technologies such as Python, Django, React, Node.js, PostgreSQL, Git, REST API, and Docker.
- Planning architecture and implementing solutions from conception to production.

SEEKMAKE, Tunis

Jan2023–OCT2023

Data Science Manager

- Developed and integrated ML models into web platforms using Python, Node.js, and TypeScript.
- Implemented predictive algorithms for educational assessments, increasing accuracy by 60%.
- Maintained and implemented new functionalities using Pandas and NumPy.
- Reviewed and optimized code for AI best practices while improving model deployment processes.
- Utilized technologies such as Python, Node.js, TypeScript, Pandas, NumPy, and REST API.

T-CODY, Tunis,

Jan2020–OCT2020

FullStack Web Developer

- Created 20+ reusable Angular components, improving development efficiency by 20%.
- Developed soccer management system using Laravel/PHP, enhancing user engagement by 50%.
- Designed and optimized PostgreSQL database architecture, improving performance by 35%.
- Working in an Agile/Scrum environment with cross-functional teams.
- Utilized technologies such as Angular, Laravel, PHP, PostgreSQL, REST API, and Git

EDUCATION

University of Manouba, Tunis

Master in Data Science and Software Development

Khaznadar School, Tunis

Bachelor of Computer Science
